Analytic Acquisitions is a 8A, Woman Owned Small Business (WOSB) and Minority Owned firm dedicated to the delivery of services to its Federal clients. Analytic Acquisitions delivers high quality, low-risk, and low-cost professional solutions to the government clients in both the Defense and Civilian Agencies.

Incorporated in 2017 and sustainably growing ever since, Analytic engages approximately forty (40) professionals across ten(10) US States. We concentrate in the delivery of professional and IT services, but believe our core values of fair and honest dealings with our Federal partners enable us to perform on nearly any service requirement.

SERVICE OFFERINGS APPLIED TO PROJECT PERFORMANCE

PROFESSIONAL ENGINEERING, LEGAL, AND CONSULTING SERVICES

Professional Engineering services are provided to the US Air Force and US Marine Corps through a pair of contracts worth more than \$20M that engage approximately forty (40) personnel on a full-time basis. Analytic is the primary subcontractor on both efforts. Here, we engage Certified Professional Engineers in the fields of Civil, Structural, Mechanical, Fire Suppression, Waste Water Management, CAD, and Airfield Pavement Engineering. We also engage complimentary professional resources such as paralegals, technical writers, and communications professionals. These personnel provide A&AS services in support of Horizontal and Vertical construction efforts for the Air Force Civil Engineer Center (AFCEC) Facilities Engineering Directorate at Lackland, AFB. We also provide Civil and Structural engineering support to the US Marine Corps at their Camp Smith and Kaneohe Bay facilities in Oahu, Hawaii.

Founded by two bar admitted attorneys, Analytic also provides extensive legal services commercially as well as to the Government, including the Department of Justice and the US Department of Agriculture. Within USDA, we provide Equal Employment Opportunity (EEO) support services to the Office of the Assistant Secretary for Civil Rights.

Finally, we also provide a wide variety of consulting services to the Federal Government. This includes the US Army at Fort Sill, where we provide communications and media support in multiple mediums as well as the US Air Force whom we provide technical writing services to at MacDill, AFB.

LOGISTICS AND FACILITIES SERVICES

Analytic provides logistics and facilities management services to Federal Defense and Civilian clients. Notably, Analytic performs on a \$6M order to provide logistics services to the US Coast Guard's Force Readiness Command (FORCECOM). These services are delivered across three (3) states and four (4) distinct locations, including: U.S. Coast Guard Special Missions Training Center (SMTTC) Camp Lejeune, NC; Maritime Law Enforcement Academy (MLEA) Charleston SC; Aviation Technical Training Center (ATTC), Elizabeth City, NC and Training Center (TRACEN) Petaluma, CA. Additionally, we provide Facilities Management support to the US Marine Corps at Kanehoe Bay. Managed move and logistics support services are delivered to the Treasury in multiple locations in the Washington, DC area.

INFORMATION TECHNOLOGY SERVICES

IT services are provided to multiple DoD clients. These services have spanned a wide variety of offerings from RMF/Cyber Security services at the US Navy to CAD programming for the Marine Corps.

Additionally, we currently perform under a \$2.5M contract to provide Configuration Management to the US Air Force at MacDill, AFB.
